TO SUBSCRIBERS.

Parties who do not receive their papers, or who have any cause of complaint, will oblige The Bonanza by notifying this office.

Entered at the Postoffice in Tonopah as second class matter.

No advertising cuts, one inch square or smaller, will be accepted unless made of metal. No wood base cuts of this size will be used. Wood cuts are dangerous to forms and press.

That there is something wrong with the mail service between Goldfield and here is evidenced by the fact that mail from that town, notably papers, is often a day late in reaching Tonopah. As an instance, the Tribune of yesterday and the News of the night before have not reached this office yet, but will probably come along in the noon's mail, evidencing the supposition that they were not thrown off at Tonopah when they should have been, but likely went down the road and on to Mina. So it is probable that the trouble lies with the railway mail service. The postal authorities are respectfully called upon and urged to give this matter their immediate attention.

SENATOR F. G. NEWLANDS DEFINES HIS POSITION

Reno, Nev., August 26.
Tonopah, Nev.:—Upon returning from San Francisco I have been informed of newspaper comments as to my position regarding the pending primary, and the candidacy of Senator Nixon. In this connection undue importance has been attached to the casual meeting at noon time in the Palace hotel court of a number of acquaintances, Democrats and Republicans from Nevada and California, and their lunching with Senator Nixon in the Palace grill—an event without any political significance and characterized mainly by pleasant and raillery over the California primary.

As is well known, Senator Nixon and myself are and have been for over twenty years personal friends and as such exchange the usual social amenities. We have acted together in matters relating to the development and material interests of Nevada, but politically we stand apart, and whilst each would expect courtesy and fairness from the other, neither would expect from the other any political support.

I am taking no part in the primary, believing in the direct primary and the capacity of the people to select their own candidates, have not associated myself with any combination alliance, faction or individual with a view to influencing the result.

Should I deem it to the interest of the Democratic party to declare

myself with reference to either candidates or platform, I shall do so publicly and with entire frankness, but such contingency is not probable. As a matter of course I shall support the Democratic ticket to be selected at the next primary, including the party's candidate for the senate.

I feel it my duty to sound a note of warning to Democrats. Long continued political power is likely to breed dissension. Since 1896 the Republican party has been in power nationally and the Democratic party has been in power locally, a period of fourteen years. The Republican party nationally as the result of its long tenure is now torn by dissension and is in danger of defeat. Will the Democratic party in this state invite a similar danger? Cannot the candidates, whilst vigorously contending at the primaries for the various nominations, maintain a tolerance of each other's motives and actions that will enable all to be harmonious on election day? If suspicion, distrust and intolerance are to characterize the Democrats of this state in their party contentions no responsibility therefor shall attach to me.

I trust that when the primaries are over we shall be able to present a united front in the support of a ticket which will command respect for its candidates and enthusiasm for its platform.

FRANCIS G. NEWLANDS.

"Scotty" Has Big Mine; Will Go East to Sell It

Chris Matovich, the pioneer mining man from Black Canyon, spent a part of this week in Lovelock conferring with his associates relative to a big sale which is about to be consummated and which includes the best property in the famous district. The property is to be bonded at once and negotiations will at once be started on the sale.

"Death Valley Scotty," the man of mystery who has spent the past year or more in the Black Canyon district, has secured the option and from a reliable source it is learned that he will go east at once to place the property with some of his wealthy friends. Mr. Matovich, when interviewed regarding the proposed sale, said:

"It recently developed that 'Death Valley Scotty' was aware of the fact that fabulous values existed on our ground and he took a lease simply for the purpose of prospecting. He worked quietly and alone and no one knew of his operations. After he had secured the option on the ground he divulged the fact that he had encountered one of the richest stringers ever found in the state and that he had taken out twenty-five sacks of ore.

"The ore, some of the samples of which 'Scotty' was showing around town, was almost pure gold, and it is estimated that the stuff will easily go \$1000 to the sack. This ore was taken from the Post No. 1 claim and the vein from which it was taken is entirely new, never having been worked before.

"Scotty" is going to New York and other eastern cities and he says that he will travel in a special train, which will be paid for with high-grade ore from the property.

"If arrangements can be perfect 'Scotty' will leave Saturday or Sun-

day and he will travel in style. He will go first to Denver and from there to New Orleans, his final destination being New York. He will take two or three sacks of the nuggets with him and will open the eyes of the people he meets along the route. The specimens which 'Scotty' will carry with him will unquestionably be by far the richest and prettiest ever taken from the state of Nevada."

In speaking of other operations in the district, Mr. Matovich said that altogether the camp looked better now than it ever has. There are some ten or twelve companies at work and in every instance either high-grade or splendid milling values are being opened up. He predicts a big boom there during the next two months and he adds that when it comes it will be the biggest one in the history of the state.—H. W. Cherry in the Lovelock Review.

FIGHT PICTURES AT THE BUTLER AGAIN TODAY

The Butler was crowded to the doors again last night to witness the fight views of the late Jeffries-Johnson contest at Reno. These views are very interesting, showing all the sporting celebrities and the different ways that each contestant trained. These pictures will be shown again today. At the matinee and at each performance in the evening there will be an entire change of pictures. The pictures for today will be very interesting. The feature will be a biograph drama entitled "Unexpected Help." This is one of the biograph's best productions. The other pictures are "Mulcahy's Raid" (comedy); "A College Chicken" (comedy); and "A Postal Substitute" (western drama). This is one of the best programs that has been shown at the Butler for a long time and should be witnessed by every one.
